Manufacturer's Certification Statement Advanced Main Air Circulating Fan

The fan used in the below identified natural gas, propane, or oil furnace is Qualified Energy Property which has an annual electricity use of no more than 2 percent of the total annual energy use of the furnace (as determined in the standard Department of Energy test procedures), and qualifies for the tax credit allowed under Section 25C of the Internal Revenue Code.

The make, model number, and other appropriate identifiers of the natural gas, propane, or oil furnace, as listed in the Air-Conditioning, Heating & Refrigeration Institute (AHRI) directory, in which the Qualified Energy Property is used, are as follows:

Make: **KeepRite**

(Contractor to circle model installed)
shown on pages 2 - 4

A taxpayer claiming a credit for Residential Energy Property Expenditures should retain this certification statement and the receipt of purchase as part of the taxpayer's records and should consult with a tax professional to determine eligibility for and application of the credit.

Under penalties of perjury, I declare that I have examined this certification statement, and to the best of my knowledge and belief, the facts presented are true, correct, and complete.
